

Mercy Aids is helping to mobilise a movement to give practical compassion to vulnerable children and families in Southern KwaZulu-Natal.

We will collaborate with [Walmer Methodist Church](#), [His Church](#), and [Gathering Together](#) who together will be collecting and distributing food to families in need. Walmer Methodist will collect food in Gqeberha for distribution by His Church and Gathering Together via trusted networks where recent unrest has added to the plight of vulnerable families.

A second truck is leaving for KZN
